

GM 800 / GM 1000

## MOTORS FOR GARAGE DOORS

- **Easy to set up:** the end of limit self-learning system simplifies setting up the GM motors. It automatically adjusts itself in a single cycle.
- **Fits anywhere!** The GM motors have swivelling heads, so they can be adapted to different configurations and installation constraints. They can also be fixed directly to the ceiling or to the side thanks to the adjustable supports.
- **SIMU-Hz compatibility:** The GM motors use SIMU-Hz radio technology, so are compatible with all SIMU-Hz motors and remote controls.
- **Sécurité garantie :** With their integrated stop-onobstacle system, GM motors guarantee the protection of users, their possessions and the garage door. For even better protection, GM motors can also be connected to a sensor array.
- **Motor delivered with 2 remote controls TSA+,**

MOTORS TESTED UP TO 36 500 CYCLES
